

## A Girls' Respect Conference: Create, Define, Be Yourself

Girl Scouts of Central Texas is taking the lead to engage girls to discover their interests, connect with peers locally and globally and take action to change their communities.

Therefore with the leadership of a girl planning committee, GSCTX is hosting a statewide for-girls, by-girls conference on June 12, 2010. The conference theme is Create Yourself, Define Yourself, BE YOURSELF.

Dynamic, fun and interactive workshops will focus on important girl issues like college, careers, friendship, body image, social networking and substance abuse.

**The conference will be at Texas State University in San Marcos on June 12, 2010 and is open to all Texas high school girls.**
