Remember, in order to be considered for priority placement (ahead of reservations opening for troops), CMUs and RGNs must submit their camp requests by the following deadlines:

- April 1 – for reservations in September through February
- October 1 – for reservations in March through August

For the best results in receiving a placement, please include multiple camp and date options.

Group placement is determined by a number of factors, but the following should be kept in mind when reviewing camps and dates for requests:

- Does the event serve primarily girls or adults? Generally, girl activities are prioritized over adult activities.
- How many people will the event serve? For example, a group of only 50 should not request a whole camp that can hold several hundred people. All groups should only request what they need and leave the rest open for their sister Girl Scouts to utilize.
- Does the event need resources as a particular location? A sailing program would need to utilize the boats at Casa Mare. A group wanting to canoe will need a camp with a lake.
- Is this a signature Council event/program or a strategic priority for the council?
