Independent Auditors' Report

To the Board of Directors of Girl Scouts of San Jacinto Council:

We have audited the accompanying financial statements of Girl Scouts of San Jacinto Council, which comprise the statements of financial position as of August 31, 2020 and 2019 and the related statements of activities, of functional expenses, and of cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Girl Scouts of San Jacinto Council as of August 31, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplementary information in the supplemental statements of revenue for the years ended August 31, 2020 and 2019 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements for the years ended August 31, 2020 and 2019

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Organization</u> – Girl Scouts of San Jacinto Council (GSSJC) was chartered by Girl Scouts of the USA in 1922 and is one of the largest Girl Scout councils in the nation with almost 50,000 girls served across 26 counties in southeast Texas and almost 18,000 adult members who gave their time and talents in 2020. Girl Scouting builds girls of courage, confidence and character, who make the world a better place. Girl Scouts also unleashes the G.I.R.L. (Gogetter, Innovator, Risk-taker, Leader)TM in every girl, preparing her for a lifetime of leadership. Locally, GSSJC offers outdoor experiences at its 10 camp properties and gives girls the opportunity to develop life, STEM (science, technology, engineering and math) and entrepreneurial skills through engaging, challenging and fun activities. Girls learn to care about, inspire and team with others locally and globally. Through the Girl Scout Leadership Experience, girls in kindergarten through 12th grade learn to understand themselves and their values and use their knowledge and skills to explore the world.

<u>Federal income tax status</u> – GSSJC is exempt from federal income tax under (501(c))(3) of the Internal Revenue Code and is classified as a public charity under (509(a))(1) and (100)(1)(A)(vi).

<u>Cash equivalents</u> are highly liquid financial instruments with original maturities of three months or less which are not restricted for long-term purposes. Cash equivalents that are not needed to meet immediate operating cash requirements or are restricted for long-term purposes are reported as investments.

<u>Investments</u> are reported at fair value. Net investment return consists of interest and dividends, realized and unrealized gains and losses, net of external and direct internal investment expenses.

<u>Inventory</u> is reported at the lower of cost or net realizable value, with cost being determined on a periodic weightedaverage basis. Inventory primarily consists of uniforms, badges, handbooks and supplies used by members in their Girl Scout activities. Inventory is primarily purchased from Girl Scouts of the USA.

<u>Contributions receivable</u> that are expected to be collected within one year are reported at net realizable value. Contributions receivable that are expected to be collected in future years are discounted to estimate the present value of future cash flows. Amortization of discounts is included in contribution revenue. An allowance for uncollectible contributions is estimated based on management's periodic evaluation of past loss experience, known adverse situations that may affect the donor's ability to pay, and current economic conditions. Contributions receivable are due to be collected within the next year.

<u>Property and equipment</u> is reported at cost if purchased and at fair value at the date of gift if donated. Depreciation is provided on a straight-line basis over estimated useful lives of 3 to 40 years. GSSJC capitalizes property and equipment that have a useful life greater than one year and a cost of more than \$2,500.

<u>Net asset classification</u> – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both. Contributions of long-lived assets and of assets restricted for acquisition of long-lived assets are released when those assets are placed in service unless the donor also has placed a time restriction on the use of the long-lived asset, in which case the release occurs over the term of the time restriction. Donor-restricted endowment earnings are released when those earnings are appropriated in accordance with spending policies and are used for the stipulated purpose.

<u>Contributions</u> are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are classified as with donor restrictions. Conditional contributions are subject to one or more barriers that must be overcome before GSSJC is entitled to receive or retain funding. Conditional contributions are recognized as revenue at fair value when the conditions have been met. Funding received before conditions are met is reported as refundable advance.

<u>Donated materials, use of facilities, and services</u> – Donated materials and use of facilities are recognized at fair value as unrestricted contributions when an unconditional commitment is received from the donor. The related expense is recognized as the item is used. Contributions of services are recognized when services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

A substantial number of volunteers have contributed their time to fill approximately 60 Board of Directors and Board Committee positions, more than 300 community and 50 region positions, and more than 28,000 troop positions. These volunteers, who may fill multiple roles, provide assistance with programs, administration and fundraising. No amount has been recognized in the financial statements for these services because they did not meet the criteria for recognition under generally accepted accounting principles.

<u>Special event</u> revenue is the total amount paid by sponsors and attendees of an event and includes elements of both contributions and exchange transactions. Special event revenue is recognized when the event occurs. Direct donor benefit costs represent the cost of goods and services provided to attendees of the special event.

<u>Revenue from product sales and program service fees</u> are recognized as the services or products are provided as follows:

- *Net Cookie Program and Fall Product Sales* are reflected net of troop bonuses totaling \$3,757,322 and \$3,670,233 for the years 2020 and 2019, respectively. The standard troop revenue share is 15% of the selling price or in case of other troops up to 16.67%. GSSJC recognizes the revenue when the related products are provided to the customer. All payments are due at the time of sale by the troop member.
- *Shop and trading post sales* occur in several locations to provide material and supplies to troop members. Revenue is recognized when the related products are provided net of discounts and any redeemed Cookie Dough earned by a troop member. All payments are due at the point of sale.
- Other program service fees include camps and other events for troops. These fees are recognized when services are provided to the girl scout member, in an amount that reflects the consideration GSSJC expects to be entitled to in exchange for the residential camp or event. Payment is due at the time of program registration. The nature of these services does not give rise to contract costs or any variable considerations, warranties or other obligations. Payments are usually due ahead of the camp or event. Amounts received but unearned are included in the statement of financial position as deferred revenue.

There are no contract receivables at August 31, 2020 or 2019.

<u>Functional allocation of expenses</u> – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of estimated time and effort expended. Depreciation and occupancy costs are allocated based on square footage.

<u>Estimates</u> – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts reported as revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

NOTE 2 – ADOPTION OF ACCOUNTING STANDARDS UPDATES

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers*, which replaces most existing revenue recognition guidance for exchange transactions not specifically covered by other guidance. This ASU does not apply to non-exchange transactions such as contributions. The core principle of the new guidance is that an entity should recognize revenue in an amount that reflects the consideration to which it expects to be entitled in exchange for transferred goods or services and establishes a 5-step process to determine when performance obligations are satisfied, and revenue is recognized. GSSJC adopted this ASU for fiscal year 2020 using a full retrospective method. The timing and amount of revenue recognized previously is consistent with how revenue is recognized under this ASU, and therefore, adoption of this ASU had no impact on total net assets or total changes in net assets for fiscal year 2019.

GSSJC adopted ASU 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made.* This guidance clarifies the distinction between contributions and exchange transactions and between conditional and unconditional contributions. This ASU has been applied on a retrospective basis to the financial statements for the year ended August 31, 2019. Adoption of this standard had no impact on 2019 net assets or changes in net assets but resulted in a change in the presentation of government grants.

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of August 31 comprise the following:

	<u>2020</u>	<u>2019</u>
Financial assets:		
Cash and cash equivalents	\$ 1,535,825	\$ 1,180,034
Receivables	57,877	61,097
Short-term investments	19,444,088	16,569,715

Less financial assets not available for general expenditure:		
Endowment investments (less budgeted appropriations)	(8,258,784)	(7,233,293)
Other donor-restricted contributions not expected to be available	(440,411)	(234,455)
Donor-restricted cash and contributions held for capital expenditures	(653,411)	(686,604)
Board-approved budgeted capital expenditures	(705,000)	(1,545,881)
Board-designated cash and contributions held for future operating		
and capital projects	(2,500,000)	(2,500,000)
Total financial assets available for general expenditure	<u>\$ 18,723,413</u>	<u>\$ 14,807,450</u>

GSSJC's goal is to maintain 6-12 months of assets available for general expenditures. Due to the timing of GSSJC's programs, funds raised in one fiscal year are expended in the next year. GSSJC's cookie program is its largest source of revenue. Proceeds from the cookie program are generally received between February and May each year. Remaining proceeds at the time of GSSJC's fiscal year end earned during the cookie program are reflected as net assets without donor restriction on GSSJC's statement of financial position. Management maintains a \$2 million line of credit available to assist in managing GSSJC's liquidity.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, GSSJC considers all operating expenditures related to its ongoing mission of serving girls across 26 Texas counties, as well as the activities undertaken to support this mission, to be general expenditures. Capital campaign proceeds and endowment earnings are excluded from amounts available.

GSSJC regularly monitors liquidity available to meet operating needs while striving to maximize the investment of available funds. As part of GSSJC's liquidity management, financial assets are structured to be available as general expenditures, liabilities, and other obligations become due.

GSSJC's governing board has designated a portion of its resources without donor restrictions to be used for future operating and capital projects. However, these funds remain available to be spent at the discretion of the governing board.

In April 2020, GSSJC received financial relief of \$1,779,900 under the Small Business Administration's Paycheck Protection Program (PPP). Management expects the PPP loan to be forgiven as GSSJC meets the eligibility requirements and used the loan to fund qualified payroll and other eligible costs. The loan is considered to be a conditional contribution and will be recognized as contribution revenue in fiscal year 2021 upon forgiveness by the bank. Any amounts not forgiven bear interest at 1% and are due in March 2022.

GSSJC pivoted quickly to COVID-19 pandemic conditions by implementing remote work for staff, virtual programming for girls and web-based training for volunteers, which resulted in a reduction to revenues and program expenses. Fiscal year 2020 school-based outreach programs and summer resident and day camp programs were ceased or cancelled. New member recruiting efforts have been modified to reach girls and parents across multiple channels due to limited access to school channels. Partnering with GSUSA and vendors, steps have been taken and are underway to enhance online purchases for GSSJC's Fall Product Sale and Cookie Program and to provide options for contactless delivery. GSSJC's fiscal year 2021 budget and updated forecasts are based on assumptions that pandemic conditions extend well into 2021 and include reductions in variable program expenses, deferred capital projects and use of unrestricted reserves.

NOTE 4 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of the following:

	<u>2020</u>	<u>2019</u>
Bank deposits Repurchase agreements (overnight)	\$ 337,206 1,198,619	\$ 410,036 769,998
Total cash and cash equivalents	\$ 1,535,825	\$ 1,180,034

Bank deposits exceed the federally insured limit per depositor per institution.

NOTE 5 – CONTRIBUTIONS RECEIVABLE

Contributions receivable are as follows:

	2020	<u>2019</u>
Contributions receivable	\$ 1,141,433	\$ 1,085,559
Discount to net present value at rate of 1.50%	(5,923)	(3,324)
Allowance for uncollectible contributions	(5,000)	(3,500)
Contributions receivable, net	1,130,510	1,078,735
Less: Contributions receivable for capital projects, net	(363,260)	(397,359)
Contributions receivable for operating, net	<u>\$ 767,250</u>	<u>\$ 681,376</u>

Contributions receivable at August 31, 2020 are expected to be collected as follows:

Receivable in less than one year Receivable in one to five years	\$ 803,633 <u>337,800</u>
Total contributions receivable	\$ 1,141,433

As of August 31, 2020, approximately 69% of contributions receivable were from two contributors. As of August 31, 2019, approximately 78% of contributions receivable were from two contributors.

NOTE 6 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair Value Measurements

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- Level 2 Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at August 31, 2020 are as follows:

		LEVEL 1		LEVEL 2	LI	EVEL 3	TOTAL
Short-term investments: Short-term fixed-income mutual fund U. S. Treasury bills maturing in less than 90 days	\$	8,162,679	\$	9,498,880			\$ 8,162,679 9,498,880

Subtotal	7,265,593			7,265,593
Total investments	19,346,633	4,488,675		23,835,308
Repurchase agreements held as cash and cash equivalents		769,998		769,998
Total assets measured at fair value	<u>\$ 19,346,633</u>	<u>\$ 5,258,673</u>	<u>\$0</u>	<u>\$ 24,605,306</u>

Valuation methods used for assets measured at fair value are as follows:

• *Mutual funds* are valued at the reported net asset value of shares held.

- U. S. Treasury bills are valued using prices obtained from independent quotation bureaus that use computerized valuation formulas which may include market-corroborated inputs for credit risk factors, interest rate and yield curves and broker quotes to calculate fair values, or active market makers and inter-dealer brokers.
- *Repurchase agreements* are overnight investments valued at the net present value of future cash flows.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while GSSJC believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

Investments

Investments are held for the following purposes:

	<u>2020</u>	<u>2019</u>
Operating including donor restricted for programs and facility improvements Board-designated Endowments	\$ 16,944,088 2,500,000 <u>8,304,024</u>	\$ 14,069,715 2,500,000 7,265,593
Total	<u>\$ 27,748,112</u>	<u>\$ 23,835,308</u>

NOTE 7 – PROPERTY AND EQUIPMENT

Property and equipment is comprised of the following:

	2020	2019
Buildings	\$ 19,274,313	\$ 19,263,313
Land improvements and building improvements	24,678,777	24,230,641
Equipment	7,258,983	7,105,557
Total depreciable property and equipment, at cost	51,212,073	50,599,511
Accumulated depreciation	(40,855,443)	<u>(39,211,586</u>)
Net depreciable property	10,356,630	11,387,925
Land	4,467,756	4,467,756
Construction in progress		243,709
Property and equipment, net	<u>\$ 15,208,137</u>	<u>\$ 16,099,390</u>

Two properties utilized as camps and a service center have reversionary clauses placed on the deeds of the property, which restrict GSSJC's ability to sell these properties or use them for purposes other than Girl Scout programs. The properties have a net book value of \$413,000 and \$422,000 at August 31, 2020 and 2019, respectively.

NOTE 8 – NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted as follows:

	<u>2020</u>	<u>2019</u>
Subject to expenditure for specified purpose:		
Facility improvements	\$ 653,411	\$ 686,604
United Way program allocation	432,984	486,578
Community outreach programs	396,061	34,090
Camperships	132,658	92,663
History programs	26,450	24,859
Science, technology, engineering, and math programs		11,577
Other	262,792	236,363
Total subject to expenditure for specified purpose	1,904,356	1,572,734
Endowments subject to spending policy and appropriation:		
Camp maintenance	7,774,086	6,748,742
Scholarships	529,938	516,851
Total endowments	8,304,024	7,265,593
Total net assets with donor restrictions	<u>\$ 10,208,380</u>	<u>\$ 8,838,327</u>

NOTE 9 – ENDOWMENT FUNDS

The donor-restricted permanent endowments of GSSJC include two individual funds that were established for camp maintenance and Emerald Circle Gold Award scholarships. The Board of Directors of GSSJC has interpreted the Texas Uniform Prudent Management of Institutional Funds Act (TUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, GSSJC classifies the original value of gifts donated to the perpetual endowment as *net assets with donor restrictions* required to be maintained in perpetuity. The remaining portion of the donor-restricted endowment funds are classified as *net assets with donor restrictions* until those amounts are appropriated for expenditure by GSSJC in a manner consistent with the standard of prudence prescribed by TUPMIFA. In accordance with TUPMIFA, GSSJC considers the duration and preservation of the funds and other resources of GSSJC in making a determination to appropriate or accumulate donor-restricted endowment funds.

Endowment net assets consist of the following:

	<u>2020</u> with donor <u>restrictions</u>	<u>2019</u> with donor <u>restrictions</u>
Donor-restricted endowment funds: Original donor-restricted gift and amounts required to be maintained in perpetuity Accumulated net investment return		\$ 4,668,343
Endowment net assets	<u>\$ 8,304,024</u>	<u>\$ 7,265,593</u>

Changes in donor-restricted endowment funds are as follows:

	WITH DONOR ACCUMULATED NET INVESTMENT <u>RETURN</u>	RESTRICTIONS REQUIRED TO BE MAINTAINED IN PERPETUITY	TOTAL
Endowment net assets, August 31, 2018	<u>\$ 2,459,982</u>	<u>\$ 4,662,243</u>	<u>\$ 7,122,225</u>
Contributions and transfers		6,100	6,100

Endowment net assets, August 31, 2019	2,597,250	4,668,343	7,265,593
Contributions and transfers		517,160	517,160
Net investment return	541,271		541,271
Appropriations	(20,000)		(20,000)
Endowment net assets, August 31, 2020	<u>\$ 3,118,521</u>	<u>\$ 5,185,503</u>	<u>\$ 8,304,024</u>

Investment Objectives and Risk Parameters

GSSJC has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs and entities supported by its endowments while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of a portfolio that is invested approximately 40% in equity-based securities and 60% in fixed-income securities while assuming a moderate level of investment risk. GSSJC expects its endowment funds, over time, to provide an average rate-of-return of approximately 5% annually, net of fees and inflation. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, GSSJC relies on a total return strategy in which investment return is achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). GSSJC targets a diversified asset allocation that places a greater emphasis on fixed-income security investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy

GSSJC has a policy of not appropriating more than 95% of the annual real total return, net of investment management fees, of the immediately preceding four quarters. Appropriations are considered annually by the Finance Committee. In establishing this policy, GSSJC considered the long-term expected return and the effects of inflation on its endowments. The policy is consistent with GSSJC's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

NOTE 10 – EMPLOYEE BENEFIT PLAN

Eligible employees of GSSJC may participate in a §401(k) defined contribution retirement plan. GSSJC matched each employee's after tax contribution up to 2% of their salary in 2020 and 2019, and also may make discretionary contributions annually to all employees. GSSJC contributed approximately \$106,000 and \$76,000 to the plan in 2020 and 2019, respectively.

NOTE 11 – AVAILABLE LINE OF CREDIT

GSSJC maintains a \$2,000,000 line of credit agreement with a bank, which bears interest at the bank's prime rate minus 1%. The line of credit expires on March 30, 2021. There are no amounts outstanding on the line of credit at August 31, 2020 or 2019.

NOTE 12 – SUBSEQUENT EVENTS

On March 11, 2020, the Director-General of the World Health Organization declared a pandemic related to the global outbreak of the new coronavirus COVID-19 and on March 13, 2020, a national emergency was declared in the United States. As of the date of this report, GSSJC continues to support work from home for many of its employees and delivery of virtual program opportunities. While GSSJC expects these events to negatively impact operating results and financial position, the financial impact cannot be reasonably estimated at this time (see Note 3).

Management has evaluated subsequent events through December 9, 2020, which is the date that the financial statements were available for issuance. As a result of this evaluation, no other events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
