- Change the radio button to My Troop, and select your registrants. Click Continue.
- Choose a time slot for each available activity for your registrants. (Available spots will display once you move the radio button to Selected.) If your group does not want to participate in all available activities, they simply need to choose "Not Participating" for the activities they do not want.

Note: At Camps Agnes Arnold and Misty Meadows, adults must register for the hikes. Remember to choose your adults in the registrant list at the beginning. For all activities, except hikes, choose the "Not Participating" option for adults.
