

# COVID-19 Carpooling Guidelines and Acknowledgment

Addendum to forms [F-204 Girl Permission Slip](#) and [F-204A Adult Assumption of Risk and Release of Liability – Coronavirus/COVID-19](#).

Guidance for carpooling to and from activities is based on minimum standard health protocols released for [State of Texas Youth Clubs](#).

Carpooling with members who are not in the same household is permissible, provided all girls and adults inside each vehicle are in the same activity group (of no more than ten people) at the destination, with express written permission from parents/guardians of all children and acknowledgment of these guidelines by all adults in the vehicle. Masks shall be worn inside the car for the duration of the trip. Temperatures should be taken and [screening logs](#) kept by each driver? for all carpooling girls and adults before departure and again daily. Any intended carpooler with a fever greater than 100.4 or showing symptoms consistent with COVID-19 may not join the carpool or attend the activity.

I (we) have read and acknowledged the GSSJC COVID-19 Safety Precautions for Girl Scout Gatherings [GSSJCCOVID-19SafetyPrecautionsforGirlScoutGatherings.pdf](#)
